Subject: Submission for trade licensing

Dear Sir / Madam,

I am an owner in an apartment building of 167 apartments and having sat on the executive committee in 2006 and 2007 am very aware of the requirements for our strata managing agent to be licensed.

We have several hundreds of thousands of dollars in the bank. I have enjoy the level of comfort that the trust funds and those that operate them on our behalf are regulated by licensing.

I strongly object to any attempt to remove licensing for strata managing agents.

Kind Regards,

David Ferguson
